

EMERGENCY CONTACT

'Emergency CONTACT' is offered to Alpena Power Company customers, the ill, those living alone or customers who are on vacation or away from home much of the time.

This is a voluntary arrangement that you initiate with APC. Alpena Power Company customers may select a family member or friend as an emergency contact if we need to talk to you. We will use this contact only after we have exhausted all other means of contacting you.

APC goes to great length to keep customer power on...however, if we do not have anyone to communicate with...it may not happen.

Please fill out the following form and mail it in to: Alpena Power Company, 401 N. 9th Avenue, Alpena, Michigan 49707.
