

**NOTICE OF ENERGY ASSISTANCE PROGRAMS  
2022 – 2023 Heating Season**

**Shutoff Protection Programs**

**Winter Protection Plan**

**Contact: Local Utility Company**

The Winter Protection Plan (WPP) protects account holder seniors (age 65 and older) and low-income customers whose annual household income is at or below 150 percent of the federal poverty level, from service shutoffs and high utility bill payments during the heating season (November 1 - March 31). You may also enroll if you receive any of the following services:

- Michigan Department of Health and Human Services cash assistance
- Supplemental Security Income (SSI)
- Food Assistance Program (SNAP)
- Medicaid

If you are low-income, you must pay at least seven percent of your estimated annual bill each month during the protection period. If an arrearage exists at the time you apply for shutoff protection, you must pay the arrearage in equal monthly installments between the date you apply and the start of the next heating season.

If you are low-income and your utility service was shutoff before you applied for shutoff protection, the utility cannot require a fee, a security deposit nor an amount greater than one-twelfth of your arrearage to restore service or participate in the program.

All customers 65 or older are eligible regardless of income. However, you are responsible for all service used. At the end of the protection period, all customers must arrange to pay the outstanding bills before the next heating season. If you are a senior citizen whose utility service may have been shutoff before applying for the WPP, the utility company must restore your service during the heating season without any payments. Although no specific payments are required during the heating season, you are encouraged to pay what you can to avoid large payments when the protection period ends.

**Participation does not relieve you from the responsibility for paying for electricity and natural gas usage but does prevent a shutoff during the winter months. At the end of the protection period, both low-income and seniors participating in the plan must arrange with their utility company to pay any money owed before the start of the next protection period.**

**NOTE: Winter shutoff protections do not apply to customers that are shutoff, or who had a pending shutoff for unauthorized utility service within the past two years at the customer's current address, until all charges are paid, or the customer makes satisfactory payment arrangements with the utility company.**

**Senior Citizens**

**Contact: Local Utility Company**

The account holder who is an eligible senior citizen, age 65 and older, is protected from disconnection of service during the heating season (November 1 through March 31) at the customer's documented personal residence. The utility will restore service for the customer during the heating season without payment of the amount due, deposits, reconnection fees, or other charges. At the end of the heating season, the account will be placed on a payment plan and payment must begin immediately. Contact the utility directly to enroll on the WPP.

**Medical Emergency Protection**

**Contact: Local Utility Company**

You can receive a medical hold preventing service from being shutoff for nonpayment on your natural gas and/or electric bill for up to 21 days if you or a member of your household, has an existing medical condition that would be aggravated by the lack of utility

service. Your condition must be certified by a physician or public health office on a Michigan Public Service Commission approved Medical Certification Form. The form must state the medical condition, medical equipment, and specific time period a shutoff of utility service would make the medical condition worse. If the shutoff of service occurred before a medical emergency is approved, the utility will restore service at no cost to you for 21 days. You can obtain an extension of the medical hold and a postponement of shutoff of service for a total of 63 days (three separate medical holds) in any 12-month period per household member. Annually, the utility is not required to grant shutoff extensions totaling more than 126 days per household. Customers would be granted a three-business day grace period from shutoff of utility service for time to have the Medical Certification Form completed. A utility shall not require payment for an after-hours reconnect fee or a deposit as a condition of restoring service. The Medical Certification Form is available from your utility and on its website. It is also available at [www.michigan.gov/mpsc](http://www.michigan.gov/mpsc)

### **Critical Care Protection**

#### **Contact: Local Utility Company**

A customer or household can receive protection from disconnection or have services restored due to inability to pay if there is an identified critical care customer in the home and interruption of service would be immediately life threatening. A critical care customer is somebody who requires home medical equipment or a life support system that must be certified by a physician or public health office on a Michigan Public Service Commission approved Medical Certification Form. Customers would be granted a three-business day grace period from shutoff of utility service for time to have the Medical Certification Form completed. You will be contacted by the utility when any scheduled service interruptions occur. The utility will also notify you before any remote shutoff of utility services. If critical care status changes, you, or a person in your household, must let the utility know of the status change. However, if a person's status does not change you must submit an updated Medical Certification Form to the utility on an annual basis. The Medical Certification Form is available from your utility and on its website. It is also available at [www.michigan.gov/mpsc](http://www.michigan.gov/mpsc).

### **Active Duty in the Military**

#### **Contact: Local Utility Company**

If you or your spouse is the utility company customer of record and either of you are called to full-time active military service, by the President of the United States or the Governor of Michigan, during a national or state emergency or war, you may apply for shutoff protection of your electric or natural gas service for up to 90 days. You may also reapply for extensions of this protection. Your utility company may request verification of active duty status. In addition, you must notify the utility company when your status changes. Contact the utility company to set up a payment plan for all past due amounts to be paid within twelve months. You will still be required to pay for services used while in the program.

### **Energy Assistance Programs**

#### **State Emergency Relief Program**

**Contact: Michigan Department of Health and Human Services at [www.michigan.gov/mdhhs](http://www.michigan.gov/mdhhs)**

State Emergency Relief (SER) is a crisis intervention program that provides assistance for energy-related expenses such as heating fuel, electricity, and home repairs. SER is supported by the Federal Low-Income Home Energy Assistance Program (LIHEAP).

Eligibility is based on one of the following:

- Demonstration of immediate need (past due/shutoff notice)
- Declared need for a deliverable fuel such as propane
- Verified need for energy-related home repair
- 150% of Federal Poverty Level (FPL)
- Up to \$15,000 in cash assets and \$15,000 in material assets

Apply online using MI Bridges: <http://michigan.gov/mibridges>

#### **Home Heating Credit**

**Administering Agency: Michigan Department of Treasury**

Apply for a Home Heating Credit (HHC) for the 2022 tax year to help pay winter heating bills if you meet the listed household income guidelines and exemptions. You may claim an exemption for yourself, your spouse, and other dependents. Additional exemptions may also be available. HHC is supported by the Federal LIHEAP.

Forms are generally available in mid to late January where tax forms can be found. Call Treasury at (517) 636-4486, or visit its website at [www.michigan.gov/treasury](http://www.michigan.gov/treasury). Some local agencies or utility companies may provide assistance in completing the form due no later than **September 30 each year**. To find an agency that assists with tax preparation, contact 2-1-1.

Customers of utilities regulated by the Michigan Public Service Commission receive protection from shutoff of their heating fuel service from the time of filing of HHC form with Treasury until the time Treasury issues the credit. However, you must contact your utility company to let it know you filed for the HHC. Keep a copy of the HHC form you file with the number of exemptions claimed and the amount of the credit to use when requesting the status of your application. You will still be required to pay for the electric and natural gas services used during the shutoff protection period.

**Michigan Energy Assistance Program (MEAP)**

**Administering Agency: Michigan Public Service Commission**

Once a State Emergency Relief application has been submitted, additional assistance can be sought through agencies that provide MEAP energy assistance programs that include services that will enable participants to become or move toward becoming self-sufficient, including assisting participants in paying their energy bills on time, budgeting for and contributing to their ability to provide for energy expenses, and assisting participants in being energy efficient.

Need help applying for State Emergency Relief? Find a MI Bridges Navigator near you: <https://newmbridges.michigan.gov/s/isd-find-community-partners>, or contact 2-1-1.

The MEAP is supported by the state's Low-Income Energy Assistance Fund (LIHEAF). An electric utility that chooses not to collect for the LIEAF shall not shut off service to customers for non-payment between November 1 and April 15. For a list of electric providers that opt-out of collecting the LIEAF go to [www.michigan.gov/energyassistance](http://www.michigan.gov/energyassistance).

**Michigan Homeowner Assistance Fund (MIHAF)**

**Administering Agency: Michigan State Housing Development Authority**

The MIHAF provides funds to customers with assistance preventing homeowner mortgage delinquencies, defaults, foreclosure, loss of utilities or home energy services, and displacement. Applicants must demonstrate financial hardship directly related to COVID-19 on or after January 21, 2020.

- Eligibility is 150% of FPL
- Homeowners who own and occupy the property as their primary residence
- Homeowner must have and explain a financial hardship directly related to COVID-19 on or after January 21, 2020

**Michigan Veterans Trust Fund Emergency Grant Program**

**Contact: Michigan Veterans Trust Fund at 800-MICH-VET (800-642-4838) or [www.michiganveterans.com](http://www.michiganveterans.com)**

The Trust Fund provides temporary assistance to veterans and their families facing a financial emergency or hardship including the need for energy assistance.

**United Way 2-1-1**

2-1-1 is a one-stop, around-the-clock free phone and online service that links people with information or agencies that can help with utility assistance and other needs such as rent payment help, child and elder care, emergency shelters, job training, counseling, etc. Simply dial 2-1-1 on your phone or visit [mi211.org](http://mi211.org) and click Search Resource Database to get connected to available services.

**Note: The following optional programs are provided for your information**

**Low-Income Weatherization Assistance Program**

**Administering Agency: Bureau of Community Action and Economic Opportunity**

Michigan's Weatherization Assistance Program (WAP) is a federally funded, low-income residential energy conservation program providing free home energy conservation services to eligible homeowners and renters with a household income at or below 200 percent of the federal poverty level. You are also eligible if you participate in the Department of Health and Human Services Family

Independence Program or receive Supplemental Security Income (SSI). These weatherization services can help reduce energy use and lower utility bills. If you qualify, a trained inspector will assess your home and determine which measures will be the most beneficial for you. Measures may include adding caulking and weather stripping; wall, basement, and attic insulation and ventilation; and smoke detectors. Contact your local Community Action Agency or go to [mcac.memberclicks.net/agency-locator-map](http://mcac.memberclicks.net/agency-locator-map) for more information or to find the community action agency in your area. For additional information on saving energy and money, visit [www.energy.gov/energysaver](http://www.energy.gov/energysaver).
